Good to hear Jim Eliot is assistance to you. Soon day there will be good financial return from your work Geo. besides all the other more important and less obvious (to some) ones. What happened to Batman Gallery? As you know it takes long times to hip people to new scenes and longer for others. Would like to see you have big outdoor show in canyon some day which I would sponsor (get that sponsor! I mean by ^{getting} goodies, mail invites etc. and assist in any way you designate) when I can afford which won't be too long. BIG show with many works and people and STP A C E. Probably as a major part of a mystery play or vica-versa or together or horseradish on toast or whatever seems quite appropriate and RIGHT. Right? So many collages here am having to sleep in side my hat. Bring and send some home. Send soon as possible to Suzanne with instructs to show. As I am writing this a fellow "vict" is reading something morbid to me out from the paper

ALSO - GOT MEASLES PICTURE - FINE PRETTY GIRL EVEN WHEN SPLOTCHED

which am doing ~~my~~ best to ignore and write
this so probably, ~~no~~ undoubtedly, better a little
loose. My bunkie gets "Art News" which
sometimes has interesting articles and good
prints in it and always ^{part} gossip. Saw in
there that John A. and Richards Ruben
had another joint show of drawings and
gouaches. Did you go? What happened to
David B.? Did the great east coast swallow
him? I keep seeing and feeling great, beautiful
arrows of true, pointing from all things into
my heart and back out again. Their pass-
age is so quick clean delicate sure strong subtle
and fierce that I must be quick and vulner-
able to them. I am. New lessons on the
mouth of the sky — all moments they are
there blasting in my ears good blasts. Really
it's not new I've just learned that the milk
man comes early and if I want it fresh I
have to be there and watchful. Love keeps gain-
ing new senses (my love). New appetites and new
foods to satisfy (new to me). Suzanne is deep deep
in my soul, like the water deep in the bowels of
a well. Geo you know all these things already. I
am not telling you ~~any~~ anything new except my Apocalypse
which turned a few new turns since last together
LOVE Bobby
